

Thanks for helping to preserve our family history!

This form is designed to gather information about one person. If you are completing it for someone else, that's perfectly fine. If you'd like to provide information about another family member, please complete a separate form for each person.

A few things to know:

- You do not need to answer every question. Provide whatever information you feel comfortable sharing.
- If you have additional information that doesn't fit the questions, please include it in the space in additional info, under Stories and Memories or feel free add a page.
- If you have copies of photographs, documents, or other materials you'd like to share, please include copies with the completed form or [contact me](#) about sending them separately.
- Please provide your contact information so I can follow up if I have questions about the information you've provided.
- You can complete this form electronically and [email](#) it back, or print it and return it by mail.

If you have questions or need help completing the form, please don't hesitate to reach out. I'm happy to help.

Although genealogy is meant to be shared, nothing will be disclosed without your permission.

Thank you for helping preserve the stories, memories, and history of our family.
